

PARENT/GUARDIAN

RE: MEDICATION BOTTLES

The infirmary nurses of the YMCA Camp of Maine must notify you, in accordance to state and federal laws that all medications, creams, and vitamins must be in their original bottles with the patient's name, doctor's name, correct directions, pharmacy name, and address clearly printed on the labels.

It is illegal for nurse's to dispense medicines in bottles with changed labels or in weekly dispensers. As of now all medications presented at check-in that do not meet these criteria will be returned to you and will not be given to the child until the correct bottles are given to the nursing staff. We appreciate your understanding and cooperation.

MANDATORY: THE CAMPER'S HEALTH FORM REQUIRES A DOCTOR'S SIGNATURE STATING A PHYSICAL HAS BEEN COMPLETED AND DATED/ WITHIN THE PAST TWO YEARS. A COPY OF CAMPER'S IMMUNIZATIONS IS REQUIRED.
